Read for your mind

Good luck to the students who are sitting their A levels, GCSE exams or summative assessments.

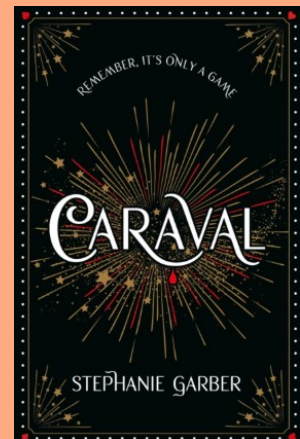

Reading can be a great way to help you relax and improve your wellbeing during this busy exam season.

Here are some of our recommendations:

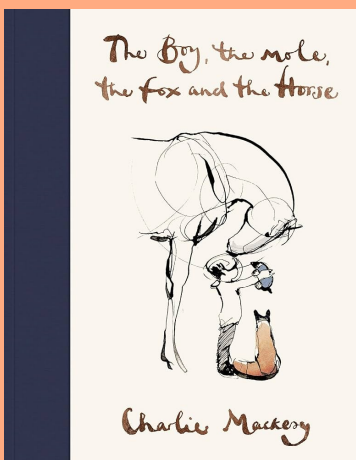

- The Boy, the mole, the fox and the horse
- Always remember: the boy, the mole, the fox, the horse and the storm
- Illusions of stars by Sarah Marie Paige
- Caraval by Stephanie Garber

Check out the Charlie Mackesy books for beautifully illustrated, inspirational and motivational reads.

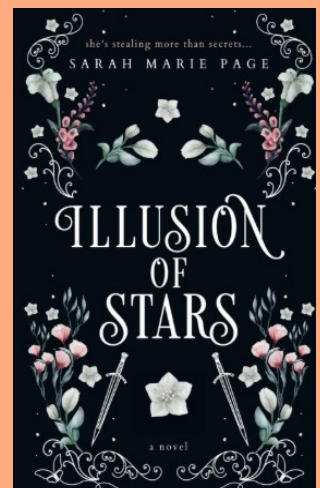

Caraval is a book is about two sisters who go to a magical island. Perfect escapism!

Illusion of Stars is great to immerse yourself with magic, a political plot line and a humorous female main character.

Trigger warnings: self harm mentioned. This book is more suitable for our older readers.

Have you tried audio books? This can be a great way to listen to relax while listening to a great story!
